

Agile for Executives

Duration

In Person: 4 hours

PDU

This program will contribute 4 PMI® professional development units (PDUs) towards your chosen certification (2 Power Skills, 1 Business Acumen and 1 Ways of Working).

Intended For

This program is aimed at:

- Executives, Senior Leaders and anyone responsible for driving organisational transformation and improving business outcomes.

Prerequisites

There are no prerequisites for the Agile for Executives program.

Is your executive team or senior leadership group looking to utilise agility to adapt in a dynamic landscape and drive better outcomes?

In today's rapidly changing business landscape, agility has become essential for organisations striving to enhance their adaptability, innovation, and overall effectiveness.

Our Agile for Executives program is designed specifically for executives and senior leadership groups and provides a uniquely tailored session in a safe and facilitated environment that covers an overview of agile values and principles and encourages discussion to understand what is required to support and drive agile change within your organisation, with a focus on your specific context and challenges.

Learning Outcomes

During this program you will discuss:

- The case for change and the challenges in getting there
- An overview of agility and the mindset shifts required to be successful
- How to support strategic change and agile adoption and how to recognise progress and measure success
- The importance of leadership on the agile journey and the flow of decisions and delegation
- Roadmap the next stages of the transformation and the changes required
